

Dear Children's Hospital Pyjamas,

We hope this email finds you well, and recovered from counting all those PJ's.

We wanted to take this opportunity to offer our thanks to you and the team for the wonderful donation offered to the Play Team at Great Ormond Street Hospital this Christmas.

We were overwhelmed with the generosity of your donation, as we were able to offer PJs to a large number of babies, children and young people over the Christmas period, and in the few weeks post-Christmas. This made such a difference to their hospital experience, knowing that they were being thought of outside of the hospital walls, and having lovely new PJs to snuggle up to loved ones and carers in.

We also wanted to offer thanks to Cannon Cars who for the second year running helped us with getting all the PJs safely to Great Ormond Street.

With grateful thanks and warmest regards on behalf of

[The Play Team at Great Ormond Street Hospital](#)
